## 1. Introduction

Smart Tech Recycling Ltd, North West based Computer Recyclers are licensed to carry out WEEE Recycling Services authorised by the Environment Agency. Working with small local businesses to large charities and organizations, we have strong relations overseas in developing countries. This allows us to reuse and remarket as much old or redundant IT equipment as possible.

With multiple electronic waste from computers, laptops, printers, CRTS or flat screen monitors, it's hard finding one company to collect them all. With Smart Tech Recycling, you never have to worry about what we accept, because we accept computers, laptops, printers, monitors, games consoles, smart phones, tablets and WEEE electronic waste. We are a Manchester based company and have an experienced and dedicated team as part of our recycling family. We are constantly working on ways to improve our service for our clients.

What We Do?

- Computer Recycling
- IT Equipment Disposal
- Hard Drive Shredding
- Data Wipe up to CESG Standards
- WEEE Recycling/Disposal

### 1.1 Recycling Licenses

Hazardous waste: OQQ928
